The **AQUATEC**  
Bathlift Solution

# Independence made easy

If it is luxurious bath time you are missing then look no further than the AQUATEC range of bathlifts from Bison. Our range of battery powered bathlifts are slimline by design and offer that extra space in the bath to comfortably relax and ease those daily aches and pains away.

Operated by a lightweight, ergonomically designed handset that floats in the water, providing easy control at your fingertips. For that extra warmth and comfort all the bathlifts come complete with detachable, washable soft covers in a choice of colours to match your decor. The bathlifts are portable, compact and simple to install in your bath in seconds, without any adaptations. If you have a bathing problem, AQUATEC bathlifts are the ideal solution for you.

**AQUATEC ELAN**  
Fixed Backrest

**AQUATEC BELUGA**  
Reclining Backrest

**AQUATEC FORTUNA**  
Reclining Backrest

**AQUATEC FUNTIME**  
Specifically designed for children

## AQUATEC®

### ELAN

The ELAN is a battery powered fixed back bathlift, with a weight limit of 120kg (19 stone). The ELAN is an easy to assemble, compact one-piece, light weight unit, which can be used with or without covermats with a choice of colours, blue or white.

## AQUATEC®

### BELUGA

The BELUGA is a reclining lift, allowing you to recline in comfort whilst bathing to an angle of 35 degrees, with a weight limit of 135kg (21stone).

Due to pressure sensitive directional buttons on the hand control, the lift can be stopped at any position for the clients comfort.

## AQUATEC®

### FORTUNA

The FORTUNA is a battery powered reclining bathlift, with a weight limit of 120kg (19 stone). It is an easy to assemble, compact two piece light weight unit, with self releasing suction cups, enhancing safe dismantling and removal of the lift from the bath. The reclining facility allows you to recline to an angle of 35 degrees for the most comfortable bathing position.

## AQUATEC®

### FUNTIME

Specifically designed for children, the FUNTIME is a compact two piece reclining unit (up to 35 degrees) with special wing back support and either a pommel or wedge cushion as standard to aid positioning whilst bathing.
