

Graduate
Total Lift

Ministand
Sit/Stand Lift

BHM

Because Health Matters

Graduate Total Lift

A full sized lift yet compact in design. Has the power and range to cope with nearly all lifting situations. Well suited to a home care environment.

- Lift from and to beds, chairs and the floor.
- Dual function controls.
- Foot pedal base.
- Capacity: 350 lbs (160 kg).

Ministand Sit/Stand Lift

The Ministand is a fast and convenient method of providing standing, sitting and toileting assistance and a most efficient way to dress, clean and transfer individuals who require some additional support.

- Ideally suited to confined spaces.
- Weighs just 116 lbs (53 kg).
- Chest support or total support harness available.
- Capacity: 350 lbs (160 kg).
- Adjustable shin support.
- Non-slip foot plate.
- Dual function controls.

Use the ergonomically designed hand control.

Or the secondary set of controls with emergency stop mounted on the control box. Control box also has a built-in cycle counter.

Charge the battery on the lift or with an optional wall mounted charger.

AVAILABLE SLINGS

HAMMOCK SLING

For most transfers. Head-rest incorporated. Suitable for most individuals. Excellent for bathing.

QUICK-FIT SLING

For general transfers. Perfectly suited for stocky or obese patients with strong hips or large thighs.

HYGIENIC SLING

Ideal for transferring to the toilet. It also permits an easy way to change, dress or undress the individual.

BAND SLING

Velcro waist with 2 additional belts, back support and anti-slip material for the back.
